Suggestion about the Syllabus or any other issue

14 responses

The most recent revision to the PG Economics curriculum improves its suitability for students and their employability.

It may be updated as per the requirement

Internship of Students at other institutions, CSIR Labs etc. in 3rd and 4th Semester should be encouraged. Field trip, visit to Industry should be encouraged.

why does syllabus are changing very rapidly , are it the policy of govt. of India or state govt. why we not adopted sustainable syllabus policy.

The syllabus has to be revised for successful implementation of NEP2020

none

Implementing entrepreneurial courses is a necessity.

It is up to mark

.

Practical should be upgraded

As philosophy deals with abstract ideas and theories not all students are eligible to study philosophy. The Govt. has to understand the abstractness of the subject and has to restrict the number and quality of students to opt philosophy.

Syllabus needs to be updated at regular intervals. But for that, time and human resource should be sufficient, otherwise in-depth changes or upgradation would be difficult.

The laboratory should be reconstructed as per the syllabus.
